The above Gadsden Chapter IAAP officers for 2009-10 were installed by Dr. Renée Culverhouse at our June meeting which was held at Alabama Power Company. Dr. Culverhouse, who was also our guest speaker, gave a wonderful presentation on “*What’s In Your Tool Kit.*” Willie Maise of Alabama Power provided a great meal and Amy Hodge had the meeting room beautifully decorated. Award certificates were presented by President Pam Noah.

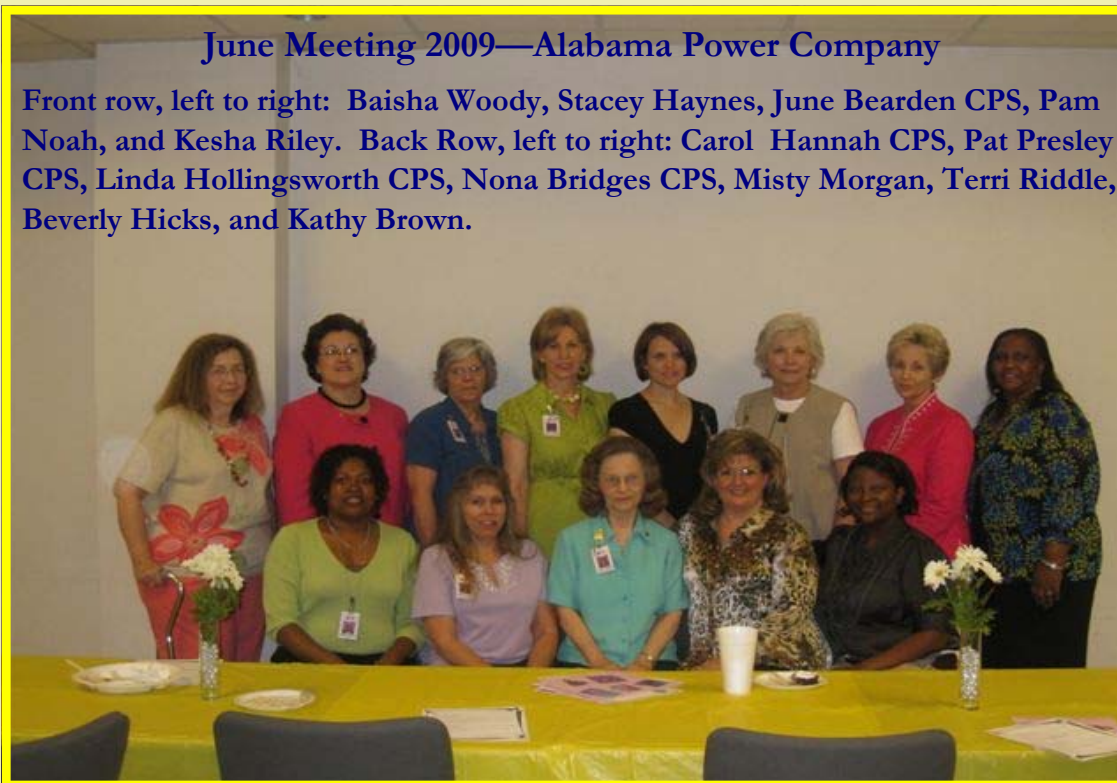

The Gadsden Chapter set a wonderful example of “Excellence in Action” during Pam Noah’s leadership. Ten Chapter members prepared for the CPS exam and four sat for the exam. (See Pam’s notes below.) We gained nine new members during the year. Thank you Pam for your hard work and dedication to our chapter. We love and appreciate you!

It is true . . . time does fly when you are having fun. I have thoroughly enjoyed each and every moment of this past year as IAAP President. We have achieved much! We all rose above individual obstacles to succeed through the help of our fellow IAAP members. I could not have done it without you. We had a lot of firsts as you will note in our End of the Year Report attached to this newsletter. But, the most memorable achievement was meeting the Chapter’s goal of member certification. Not only did we meet it, but we EXCEEDED it!!! CONGRATULATIONS to Carol Hannah CPS; Linda Hollingsworth CPS; Michele Messer CPS; and Pat Presley CPS. I am so proud of each of you. I wish our other chapter members success as well as we keep the certification momentum going. I am most appreciative for the wonderful 2008-2009. Thank you! Pam Noah
